Our centre is one of the nine pre-primary service units under the Hong Kong Sheng Kung Hui Welfare Council. It adopts the concept of “**Child-Centered and Educare**” to cultivate the health and balanced growth of children. We emphasize qualification and professional standard of the teachers. All of our teachers are “**registered child care workers**” recognized by the Government. They are committed to cultivate all-round development of infants and young children. The Welfare Council organizes professional trainings for staff regularly to enhance their professional development.
